INTRODUCTORY BROCHURE PRICE LIST

This price list relates to four standard house designs illustrated in our Introductory Brochure. These designs, which we hope will inspire you, have been selected to reflect the immense flexibility that our building system offers.

For further details of our range, please visit our website to which we are continuously adding new designs, complete with room dimensions and floor plans as well as photographs or illustrations.

The prices include delivery to mainland sites.

HOUSE DESIGN	SIZE SQ.M. / SQ.FT.	COST OF BUILDING SET	COST OF SHELL ERECTION	COST OF WINDOW INSTALL*
The Hawthorns	121 / 1,302	£101,400	£10,200	£3,900
Meadow Barn	204 / 2,196	£154,800	£19,500	£5,600
The Langford	306 / 3,294	£209,300	£24,000	£5,100
The Hill View	310 / 3,337	£249,000	£24,000	£9,000

**(excluding Velux and front door installation)*

(Please note that the photographs in the brochure show individual customers' Scandia-Hus homes, which may differ slightly from the standard plans featured in our brochures and on our website.)

The total cost of the project (including 'Building Set', shell erection, window installation and construction) will depend on site conditions and complexity of design as well as on your final specification and your chosen method of construction, i.e. self project management or use of a main contractor. For further details please see our main colour brochure and series of fact sheets.

To assist you in assessing the overall cost of the project, a 'rule of thumb' guide would be: -

- Self Project Management: £150 - £180 per sq.ft.
- Main Contractor: £180 - £220 per sq.ft.

These square foot guide costs are total build costs INCLUSIVE of 'Building Set', shell erection, window installation and construction costs. Please see example below.

The Hawthorns - Self Project Managed	Costs
Scandia-Hus (£101,400 + £14,100)	£115,500
Other Material and Labour	£118,860
Total Suggested Build Cost at £180/sq.ft.	£234,360

Please see overleaf items included in this guide costing.

Items Included in Guide Costing:

- Scandia-Hus Building Set
- Scandia-Hus Shell Erection
- Preliminaries - Site insurance, health & safety, WC
- Site clearance and levelling
- Foundations including beam and block
